• Conducted repeated sales activities across different locations in Delhi, including World Book Fair, GK Market, Khan Market, and other high-footfall areas.
• Adapted sales pitches based on customer interest, behaviour, and objections to improve conversion opportunities.
• Initiated conversations with unfamiliar customers, identified potential buyers, explained product value, and handled objections.
• Demonstrated independent prospecting and closing ability outside a traditional sales environment.
• Generated spontaneous sales during metro travel, including directly selling 2 books to passengers.

Web Development & Operations Intern — YNG Media

Noida | 2026 – Present

• Conducted vendor research and outbound outreach to identify and connect with potential vendors and business leads.
• Created and maintained a vendor lead tracker to organize prospects, monitor outreach status, and ensure important leads were not missed or contacted repeatedly.
• Supported vendor data collection, lead organization, follow-ups, and business outreach workflows.
• Gained practical exposure to business development, lead management, client-facing operations, and startup workflows.
• Worked with PHP, MySQL, debugging, website testing, and basic web development as part of operational projects.
• Used AI-assisted tools for research, debugging, problem-solving, and workflow acceleration.

HR Operations Intern — Ridhara Mindcare

Delhi | Apr 2026 – Sep 2026

• Coordinated recruitment across Technical, Marketing, Business Development, and Social Media roles.
• Created and maintained an HR recruitment tracker to monitor candidates contacted, outreach status, and meetings/interviews scheduled.
• Improved recruitment pipeline visibility, making it easier to identify follow-ups and ensure potential candidates were not overlooked.
• Managed candidate communication, interview scheduling, follow-ups, and recruitment coordination.
• Supported workshop planning, logistics, and execution.
• Identified workflow gaps and improved tracking and coordination processes.
